Welcome to Nursery!

September

2019

Welcome to the Autumn Term. We hope that you all had a lovely summer together with your children. The children have settled fantastically into Nursery and it's been lovely to see so many smiley faces! They have worked and played together brilliantly in the first few days and have been excited to share their stories about their holidays with us!

We look forward to starting our topic all about the woodlands! The children have helped plan the topic and we are looking forward to all the new learning experiences ahead.

Please find more information below about Nursery and our term ahead.

Reading and home learning

On the Nursery webpage there will be a list of optional topic activities that can be completed at home.

Home learning tasks will be sent home via schoop and put onto the website.

The majority of these activities will be creative tasks, oracy tasks or games so we won't be giving the children homework books. Occasionally we will send home work sheets when appropriate.

We love it when children get really engaged in a topic and want to learn more and explore at home. We love to see any work the children have been working on at home or any activities they have done around the topic, so please encourage them to bring anything they do into school to share with us and the rest of the class.

We will also be running a library where the children will choose a book to take home. More information will be given on how to use this shared reading experience to enhance the children's reading and comprehension skills. If you would like to volunteer to help run the Nursery library in school then please chat to a member of staff.

We have had a fantastic start to the year and we look forward to working together with you and your children this year. If you ever have any queries or questions, please do not hesitate to ask any of the early years staff.

We hope to see many of you at our Meet the Teacher session.

Kind regards,
The Early Years team.
